Becky Hill

Branch Manager

arla | **propertymark**

Experience

I have always been involved in Sales and Customer Service so moving into Estate Agency was a very natural step for me. I began my Lettings career at Greater London Properties (GLP) in 2018 and was up for the challenge! Starting with the Bloomsbury Team as a negotiator I gained the knowledge and experience needed to win the Gold Peoples Award for Best Estate Agent in WC1!

GLP is a fantastic company to work for and have provided the support and training I needed to become successful in my role and hit the ground running. This has not only built my confidence and understanding of the property sector but also allowed me to prepare for my recent promotion to Branch Manager.

This opportunity has allowed me to build and improve on my skills to undertake Property Valuations and take on the managerial role within the business. I love building relationships with our landlords - sharing our property feedback and updating them on any local market changes. I enjoy working in and around Central London, it is a fantastic and fun environment to be in and one of my favourite parts of the day is exploring the different areas and villages within our capital city.

Why am I good at my job

I am naturally a very outgoing and energetic person and enjoy the fast pace this role offers. I can keep up with any new tasks that are thrown my way and am extremely happy to learn more about the property sector. I love being around new people and enjoy listening to their stories and how they have ended up living in London. My ability to communicate well and build relationships quickly has helped me in this role, making landlords feel more at ease knowing they are in good hands when they choose Greater London Properties. I have relished the opportunity to complete the ARLA qualifications and was delighted to pass with flying colours!

“I instantly loved Becky’s energy and obvious knowledge of not just the area but my street and property. She was both informative about all the regulations and absolutely transparent with the costs involved when renting out my home. In fact, I ended up going with the Platinum package to include Property Management and have never looked back. So far I have had fantastic tenants and impeccable service from Greater London Properties. Thank you Becky for making the process so easy for me”

Private Landlord, WC2
